Gas-particulate Filter Unit - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/4240-00-788-5307

Ac         Frequency In Hertz:         60.0         Filter Type:         Combination gas-particulate         Operating Voltage In Volts:         220.0         Power Source:         Electric motor         Filtration Rate:         5000.000 cubic feet per minute         Gas/particulate Filter Specification/std:         Mil, mil-f-51224, type no. M17a1         Gas/particulate Filter Model Number:         M17a1         Blower Assembly Usage Design:         Indoor and outdoor         Rain Shield:         Nat included         Flortik:         Nat included         Provided         Phase:         Polyphase         Shelf Life:         Nat         Mit of Measure:         Int of Measure:         Polyphase         Shelf Life:         Nat         Pointiltarization:         Pointiltarization:	Current Ty	pe:	
Frequency In Hertz:         60.0         Filter Type:         Combination gas-particulate         Operating Voltage In Volts:         220.0         Power Source:         Electric motor         Filtration Rate:         5000.000 cubic feet per minute         Gas/particulate Filter Specification/std:         Mil, mil-f-51224, type no. M17a1         Gas/particulate Filter Model Number:         M17a1         Blower Assembly Usage Design:         Indoor and outdoor         Rain Shield:         Not included         Florticulate Gitter Forece Suppression:         Provided         Phase:         Polyphase         Shelf Life:         N/a         Unit Of Measure:         r-         Demilitarization:         Yes - demil/mli			
60.0Filter Type:Combination gas-particulateOperating Voltage In Volts:220.0Power Source:Electric motorFiltration Rate:5000.000 cubic feet per minuteGas/particulate Filter Specification/std:Mil, mil-f-51224, type no.
