End Application:

E-3a acft

Product Name:

Cylinder and valve assembly

Special Features:

2.98 lb, air; final pressure 3000 psi; compressed air; non-liquified; non-flammable; non-toxic; approximately 400.000 cu in. Per unit; part of slideassembly p/n d29810-101; used on evacuation system slide p/n d22862

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
