Environmental Protection:

Abrasion resistant

Cloth Name:

Duck main body

Headwear Type:

Sand blasting

Facepiece Type:

Safety glass

Aperture Type And Quantity:

1 air inlet

Special Features:

Air-supply hose inlet pressure is 55 to 60 psig units; includes control valve and web belt; hinged screen cover; 25 sq in. Window; adjustable head and waist straps

Fiber Material:

Cotton main body

Material:

Rubber chloroprene main body

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A217a0
