Minor Diameter:

48.0 millimeters

Temple Section Style Designator:

Conventional angle

Front Style Designator:

Keyhole bridge with rigid nose pads

Temple Section Material:

Steel, corrosion resisting

Specification Data:

80204-z87.1-1979 professional/industrial association specification

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T282-f
