Overall Length:

168.000 inches

Overall Width:

24.000 inches

Product Name:

Portal ladder

Special Features:

The portal ladder- in a folding position carries like a large briefcase. A 14 ft portal folds up less than 2 ft wide, 14 inches high and 4.5 inches thick. It can be easily stored in a small vehicle or a small compartment. Likewise, the job of moving a ladder from place to place is efficient due to its compactness, and ease of carrying by hand or backpack.

Material:

Aluminum alloy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
