Overall Length:

16.000 inches

Overall Width:

10.000 inches

Special Features:

: weight: 1 lb

General Description:

Protects your rope from sharp or rough edges, but also reduces friction. Easier to transport than edge rollers. Conforms to the edge and prevents sharp bends in the rope. Carabiner holes in all four corners allow the ultra-pro to be tied off for safety or linked together for extended protection.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
