Overall Length:

15.500 inches

Overall Height:

33.000 inches

Overall Width:

9.000 inches

Product Name:

Oil filter crusher

Special Features:

20, 000 pounds downforce pressure, crushes filters with maximum diameter of 4.5 inches and maximum height of 8 inches. Includes wall mounting brackets. Operates on compressed air of 80-120 psi and includes installed air line regulator with gauge, air line filter (with dump valve) and air line lubricator

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A519s0
