Overall Length:

17.000 inches

Overall Height:

11.000 inches

Overall Width:

9.500 inches

Voltage In Volts And Current Type:

115.0 ac

Special Features:

Single valve compressor w/8 amp motor; 2 cooling fans; high performance condenser; recovers all medium to hi pressure refrigerants; 50/60 hz; w/80 pct tank auto shutoff; hi pressure limit 550 psi; oilless compressor, reciprocating; plastic housing; recovery rate 4.5 lb/min liquid; 0.3 lb/min vapor; 15 lb/min push/pull liquid

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
