Overall Length:

18.000 inches

Overall Height:

15.000 inches

Overall Width:

10.500 inches

End Application:

Special electronic aircraft (e2c)

Criticality Code Justification:

Agav

Product Name:

Oil-less refrigerant recovery unit

Special Features:

Pumps liquid or vapor directly; 1/2 hp oil less compressor; 4-way air over condenser design; 8a, 115v, 60hz, 1ph; includes auto shut-off at 80% cylinder full; hoses included

Material:

Aluminum

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A23900
