Body Diameter:

2.500 inches

Body Inside Diameter:

2.140 inches

Filtration Rating In Microns:

40.0 absolute

Design Type:

Limited

Bodylength:

0.750 inches

Filtering Media Design:

Molded single filtering media response

Material:

Aluminum alloy body

Style Designator:

Cylindrical w/open ends

Fsc Application Data:

Compressor, reciprocating, power driven, portable flame thrower

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A24000
