**Overall Length:**

21.806 inches

**Compressor Source:**

29236

**Special Features:**

13.77 in.Min; 13.978 in.Max length of body; first end of shaft 2.740 in.Minimum; 2.750 in.Max lg; end drilled concentric with center of body; 27.64 in.Diameter; 1.344 in.Deep; thread 1/2-13 unc; class 3b to a depth of 1.250 in.; 2nd end of shaft 5.078 in.Length; external thread 1-3/8-12 unf, class 2a, 0.750 in.Diameter of internal drilled bell shape hole; three lobe vane with keyway; center of keyway to coincide with center of lobe

**Material:**

Steel

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A519h0
