Fabrication Method:

Cast

Shaft Connecting End Style:

2 bolt sleeved

Piston Connecting End Bearing:

Not included

Piston Connecting End Lubrication Drill Feature:

Included

Shaft Connecting End Bearing:

Not included

Center To Center Effective Length:

4.188 inches

Body Width At Piston Connecting End:

0.188 inches

Body Width At Shaft Connecting End:

1.226 inches

Piston End Connection Style:

Oiled

Material:

Aluminum

Material:

Aluminum

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T267-d
