Overall Length:

2.250 inches

Overall Width:

1.062 inches

Inlet Connection Type:

Threaded

Muffler Design:

Straight through

Body Shape:

Tapered

Operating Position:

Any acceptable

Inlet Location:

Located in end section of body

Inlet Thread Size:

3/4 mpt

Inlet Thread Location:

External

Material:

Steel and bronze

Material:

Steel and copper alloy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T135-c
