Brake Horsepower Required:

0.166

Stage Quantity:

1

Intake Connection Quantity:

1

Intake Connection Type:

Any acceptable

Discharge Connection Quantity:

1

Discharge Connection Type:

Any acceptable

Overall Height:

6.500 inches

Pump Quantity:

1

Pump Body Material:

Any acceptable

Pumping Element Type:

Sliding vane

Operating Speed At Rated Capacity In Rpm:

1725.0

System Design:

Noncorrosive

Prime Mover Type:

Electric motor

Special Features:

Lubricated model

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A06700
