Overall Height:

12.500 inches

Overall Width:

3.000 inches

End Application:

Navy weapons code jn, wichita class aor

Product Name:

Separator level gauge

Special Features:

Separator level gauge for rix industries star 200 compressor; has two ears with 0.5in. Diameter holes for mounting

Special Markings:

Has black lettering of "high", "normal", and "low"

Material:

Aluminum

General Description:

Sheet aluminum, 12 gauge

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
