Current Type:

Ac

Air Displacement Rate:

0.106 cubic feet per minute in free air

End Application:

Preprovisioning support navicp is poe

Voltage In Volts:

115.0

Special Features:

Power consumption14w

Frequency In Hertz:

60.0

Supplementary Features:

Life expectancy 3, 000 hrs or over

Departure From Cited Document:

Noise level 40db or less

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A06700
