Mounting Type:

Base

Stage Quantity:

1

Furnished Items:

Electric power cable

Current Type:

Ac

Pump Quantity:

1

Pump Body Material:

Aluminum alloy

Pumping Element Type:

Diaphragm

Air Displacement Rate:

1.1 cubic feet per minute in free air

End Application:

Weapons code atf, aircraft, (ac1301, ac130h, mc130h, ec130e, hc130

Prime Mover Type:

Electric motor

Voltage In Volts:

115.0

Phase:

Single

Special Features:

Item is made by modifying gast vacuum pump unit p/n g1-29-9149-001 per altered item drawing g1-29-8432

Frequency In Hertz:

60.0

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A06700
