**Mounting Type:**

Base

**Stage Quantity:**

2

**Intake Connection Quantity:**

1

**Intake Connection Type:**

Flared tube

**Overall Length:**

10.500 inches

**Overall Height:**

9.200 inches

**Overall Width:**

5.100 inches

**Pump Quantity:**

1

**Pump Body Material:**

Iron, cast

**Operating Speed At Rated Capacity In Rpm:**

1725.0

**Air Displacement Rate:**

1.5 cubic feet per minute in free air

**Prime Mover Type:**

Electric motor

**Safety Device Type:**

Overload relay

**Voltage In Volts:**

230.0

**Special Features:**

Name assigned by manufacturer yellow jacket superevac pump 1.5 cfm

**Frequency In Hertz:**

50.0

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A06700
