Gas For Which Designed:

Refrigerant r-22

Mounting Type:

Base

Voltage In Volts And Current Type:

220.0 ac

Special Features:

R22 refrigerant; model a reciprocating; motor is psc permanent split capacitor; internal line break motor protector

Frequency In Hertz:

50.0

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A026a0
