Overall Width:

338.0 millimeters

Body Thickness:

50.0 millimeters

End Application:

Moisture separator

Bodylength:

558.0 millimeters

Product Name:

Filter, replacement

Special Features:

Replacement rate 1-2 years

Style Designator:

Rectangular (incl square w/ air baffle)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A24000
