**Overall Width:** 

338.0 millimeters

**Body Thickness:** 

50.0 millimeters

# End Application:

Moisture separator

## Bodylength:

558.0 millimeters

#### **Product Name:**

Filter, replacement

#### **Special Features:**

Replacement rate 1-2 years

#### Style Designator:

Rectangular (incl square w/ air baffle)

Shelf Life:

N/a

### Unit Of Measure:

Demilitarization:

No

---

## Fiig:

A24000
