Overall Length:

16.250 inches

Overall Height:

12.000 inches

Operating Speed At Rated Capacity In Rpm:

1725.0

Product Name:

Superevac vacuum pumps

Special Features:

Free air replacement 6.0 cfm, motor 1/2 hp, internal capacitor thermal overload temperature rise 40 degrees c, voltage (single phase) 115 volt-60 cycle

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A06700
