End Application:

Rix compressor lpac

Accessory Components And Quantity:

Control panel assembly, 2; electrical panel assembly, 2; emi suppression core-200, 6; emi suppression core-375, 2; emi shield bead, 11; electrical enclosure, 1; electrical connector, receptacle, 5; elec conn-ring and spade terminal no. 6 uninsulated, 48; cable, plc controller, 1

Product Name:

Drawing: controller enclosure assembly

Supplementary Features:

Contains parts and assemblies susceptible to damage by electrostatic discharge

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
