Overall Length:

22.813 inches

Overall Height:

11.000 inches

Overall Width:

16.000 inches

End Application:

Rix compressor lpac

Accessory Components And Quantity:

Electrical box star hve enclosure, 1; panel modification, 1; control relay, 115 vac, 1; varistor insulated, 5; transformer support assembly, 1; battle override switch assembly, 1; motor contactor, 50 hp, 440 volt, 1; overload, contactor, 50 hp, 1; transformer power conditioner, 2; electrical connector shell, 3; electrical arrestor, 4

Product Name:

Drawing: high voltage enclosure assembly -plc (star)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
