Current Type:

Ac and dc

Pump Quantity:

1

Specific Gas For Which Designed:

Air

End Application:

Multi-gas monitor for confined space applications

Prime Mover Type:

Electric motor

Product Name:

Pump assembly

Voltage In Volts:

120.0

Special Features:

High and low valves for all gases

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A06700
