Vacuum Rating:

25000.0 pascal

Pump Body Material:

Aluminum alloy

Specific Gas For Which Designed:

Air

Pumping Element Type:

Piston

System Design:

Corrosive

Control Device Type:

Manual speed regulator

Product Name:

Hand vacuum/pressure pump w/gauge

Special Features:

Harmonization code: 8414100000; includes: mityvac selectline hand vacuum/pressure pump w/2i (50mm) diameter gauge.

Supplementary Features:

Pump displacement (16cc) per stroke; shipping wt: 9.7 lbs

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A06700
