Body Material:

Bronze

Flange Outside Diameter:

6.500 inches

Flange Shape:

Round

Flange Bolt Hole Diameter:

0.750 inches

End Connection Type:

Flanged

Size:

2.000 inches

Pressure Type:

Constant

Inlet Working Pressure Rating At Maximum Temp:

300 psi rated steam wp at 550 degrees f

Saturated Steam Capacity Rating:

17900.0 pounds per hour

Err Default:

Err default

Angle Body Feature:

Not included

End Connection Similarity:

Identical

Pipe/tube Size:

2 in. Pipe

Flange Raised Face Feature:

Included

Flange Bolt Hole Quantity:

8

Flange Bolt Hole Spacing:

Equally spaced on 5 in. Diameter bolt circle

Actuating Fluid Pressure Range:

+8.0 to 75.0 pounds per square inch

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T103-d
