End Application:

B-52 strato fortress a/c

Component Quantity:

124

Component Document Origin:

Industrial

Document Source:

62983

Document Type:

Engineering drawing

Component Document Page Number:

1

Document Identification:

914600

Criticality Code Justification:

Feat

Special Features:

Weapon system essential

Fsc Application Data:

Aircraft airconditioning system

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23800
