Media For Which Designed:

Hydrocarbon fuels and oils

End Application:

Tractor, international model td340

Maximum Discharge Flow Rate:

9.0 gallons per minute

Pumping Element Operating Position:

Horizontal

Rotary Pump Design:

Gear

Operation Method:

Powered

Drive Shaft Type:

Woodruff keyway

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A19400
