Inside Diameter:

Between 2.759 inches and 2.761 inches

Outside Diameter:

4.188 inches

Material Thickness:

0.062 inches

Body Length:

0.500 inches

Special Features:

5 degrees periphery expansion

Material:

Steel, qq-s-692, class b-canceled

Material:

Steel

Material Specification:

Qq-s-692, class b-canceled federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A23700
