Inside Diameter:

Between 0.9475 inches and 0.9485 inches

Outside Diameter:

Between 1.842 inches and 1.844 inches

Material:

Steel, sae 1112

Material:

Steel comp 1212

Material Specification:

Sae 1112 assn standard single material response

Fsc Application Data:

Electric motor

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23700
