Mounting Type:

Base

Stage Quantity:

3

Intake Connection Quantity:

1

Discharge Connection Quantity:

1

End Application:

Test stand, engine

Maximum Discharge Flow Rate:

10.0 gallons per minute

Pump Rotation Direction:

Clockwise

Intake Connection Thread Size And Series/type Designator:

0.50-14 npt

Special Features:

Motor 1 1/2hp, 230/460vac, 60hz, pump material: 316 stainless steel with buna and ceramic mechanical rotary seal and velbestos gaskets

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A19400
