Hole Diameter:

0.312 inches

Overall Length:

5.610 inches

Bore Diameter:

3.625 inches

Body Outside Diameter:

4.250 inches

Design Type:

Wet

Row Quantity:

1

Valve Recess:

Not included

Top Inside Chamfer:

Not included

Bottom Inside Chamfer:

Not included

Top Intake Port:

Not included

Intake Hole:

Included

Hole Quantity Per Row:

6

Distance From Top To Center Of First Row:

0.813 inches

Material:

Steel

Material:

Steel

Style Designator:

Dry, plain

Fsc Application Data:

Launching rail guided missile

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T267-b
