Thread Direction:

Right-hand

Mounting Type:

Face

Mounting Hole Quantity:

4

Thread Size:

0.500-14

Drive Shaft Type:

Splined, straight external

Housing Material:

Steel

Screw Thread Series Designator:

Npt

Shaft Rotation Direction:

Counterclockwise

Thread Location:

Internal

Connection Quantity:

2

Connection Type:

Inlet and outlet

Connection Design:

Threaded

Displacement Type:

Constant

Fsc Application Data:

Pumping unit, hydraulic, power drivenfsn4320-690-9244

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T103-f
