Drive Connection Type:

Gear

Media For Which Designed:

Hydrocarbon fuels and oils

Pumping Element Type:

Piston

Reciprocating Stroke Type:

Variable

Drive Shaft Type:

Splined, involute external

Reference Number Differentiating Characteristics:

As differentiated by airesearch source control part no. 954034&2

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A19400
