Radial Pistons Pump - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/4320-00-760-8691

Drive Connection Type:
Gear
Media For Which Designed:
Hydrocarbon fuels and oils
Pumping Element Type:
Piston
Reciprocating Stroke Type:
Variable
Drive Shaft Type:
Splined, involute external
Reference Number Differentiating Characteristics:
As differentiated by airesearch source control part no. 954034&2
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A19400
