| Cylinder Quantity:                  |
|-------------------------------------|
| 1                                   |
| Discharge Connection Quantity:      |
| 1                                   |
| Discharge Connection Type:          |
| Compression tube                    |
| Pumping Element Type:               |
| Piston                              |
| Discharge Pressure:                 |
| 500.0 pounds per square inch gage   |
| Operating Speed At Rated Capacity:  |
| 89.0 strokes per minute             |
| Pumping Element Operating Position: |
| Horizontal                          |
| Pump Reciprocating Design:          |
| Single acting                       |
| Shelf Life:                         |
| N/a                                 |
| Unit Of Measure:                    |
|                                     |
| Demilitarization:                   |
| No                                  |
| Fiig:                               |
| A19400                              |
|                                     |
