Pump Quantity:

1

Portability:

Nonportable

Pump Type:

Reciprocating

Pump Drive Type:

Electric motor

Hydraulic Fluid Reservoir:

Not included

Accumulator:

Not included

Fluid Filter:

Not included

Special Features:

Pumping unit consists of 1ea nylon front p/n103331, nylon impeller assembly p/n103430, rubber gasket p/n103601, nylon intake screen p/n102901; aluminum pump housing; 115 volts, 60hz, 3.2amp , 1/15hp ref; dielectric strength 1250volts, 60hz; thermally protected; 72.00in plus or minus 1.00in long 3 wire cord, molded 2 pole, 3 wire grounding plug, 125v-15 amp

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T103-n
