Intake Connection Quantity:

1

Discharge Connection Quantity:

1

Pumping Element Type:

Piston

Operation Method:

Manual

Pump Basic Material:

Steel

Special Features:

31 components; cres body; piston brass 360; bushing bronze; pump delivery rate 3/4 cu.In.Total per cycle; inlet/outlet diameter 0.250 in.Dia; counterbore diameter 0.485in., 0.361in. Deep

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A19400
