Media For Which Designed:

Hydrocarbon fuels and oils

End Application:

Loader, crawler, international harvester co, model 250c

Operating Speed At Rated Capacity:

600.0 revolutions per minute

Pumping Element Operating Position:

Horizontal

Volume Control Type:

Rotary

Control Location:

Center

Rotary Pump Design:

Gear

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A19400
