**End Application:**

F/a-18 non-hsp

**General Description:**

Designed for hydraulic fluid, volume 450 cu max; pressure port oper pressure 3000 psig, reservoir oper pressure 85 psig; oper temp range minus 65 degrees f to plus 220 degrees f; 15.762 in. O/alg

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A23900
