Criticality Code Justification:

Zzzy

General Description:

Material, steel; 10.875 in od; 1.000 in thk; one centered through hole, 3/8-16unc-2b; one through hole, 2.000 in dia, center is 2.500 in off center of spacer; chromium plating qq-c-320, cl 2

Reference Number Differentiating Characteristics:

Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
