**End Application:**

Used for injector nozzle and pump assembly

**Connection Type:**

Threaded external pipe and threaded internal pipe

**Connection Location:**

Inlet connection and outlet connection

**Product Name:**

Connector, o ring standard thread

**Special Features:**

Item contains a gasket p/n 16702624. Adapter assembly consisting of a nut, an insert and an adapter with threaded connection points at both ends and a small rubber o ring.

**Specification Data:**

82796-92010597 manufacturers source control

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A515f0
