| Intake Connection Quantity:        |
|------------------------------------|
| 1                                  |
| Intake Connection Type:            |
| Round flange                       |
| Discharge Connection Quantity:     |
| 1                                  |
| Discharge Connection Type:         |
| Round flange                       |
| Maximum Discharge Flow Rate:       |
| 60.0 gallons per minute            |
| Operating Speed At Rated Capacity: |
| 640.0 revolutions per minute       |
| Pump Rotation Direction:           |
| Clockwise                          |
| Rotary Pump Design:                |
| Gear                               |
| Operation Method:                  |
| Powered                            |
| Special Features:                  |
| Bronze construction                |
| Shelf Life:                        |
| N/a                                |
| Unit Of Measure:                   |
|                                    |
| Demilitarization:                  |
| No                                 |
| Fiig:                              |
| A19400                             |
|                                    |
|                                    |
|                                    |
