Maximum Operating Pressure:

10000.0 pounds per square inch

Pump Quantity:

1

Portability:

Portable

Pump Drive Type:

Hand

Special Features:

Is capable of mating to a 1/4 in.Quick disconnect; includes 10 ft rubberhose w/10, 000 psig, w/pressure gauge, scaled 0 to 15, 000 psig; carrying caseprovided: plastic matl-26 in. L x 7 in.W; pump is cast steel

Functional Description:

Used as a hydraulic power supply to operate swaging tools which are used to swag repair fittings to tubes forthe hydraulic system on the c-17 acft

Relationship To Similar Equipment:

NSN4-32-001-1936

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T103-n
