Maximum Operating Pressure:

10000.0 pounds per square inch

Pump Quantity:

1

Portability:

Nonportable

Pump Type:

Reciprocating

Pump Drive Type:

Electric motor

Hydraulic Fluid Reservoir:

Included

Reservoir Capacity:

2.0 gallons

Manifolding Hose Set:

Included

Special Features:

Includes single acting ram, p/n 4035, 2 pos, 3 way control valve, 6 ft remote hand switch; pressure gauge: p/n 9653, 0 to 10, 000 psig, w/metric; hose: p/n 9781, 10 ft, 3/8 in. Dia.; hose: p/n 9782, 20 ft; manifold block: p/n 9617; has 6 3/8 in. Nptf ports; couplers: 1/2 coupler for hose; ram: p/n 4116, 100 tons

Functional Description:

Provides hydraulic power used in rivet mile project

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T103-n
