Rotary Pump - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/4320-01-317-0692

Drive Connection Type:
Cam
End Application:
Ltv aerospace and defense, am general division, hmmwv-military contract vehicles, 6.2l engine
Pumping Element Operating Position:
Horizontal
Rotary Pump Design:
Cam and piston
Operation Method:
Powered
Special Features:
Used with model db2829-4847 injection pump
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A19400
