Prime Mover Quantity:

1

Stage Quantity:

1

Intake Connection Quantity:

1

Intake Connection Type:

Round flange

Discharge Connection Quantity:

1

Discharge Connection Type:

Round flange

Current Type:

Ac

Media For Which Designed:

Sewage

Pump Quantity:

1

End Application:

Envirovac, vacuum sewage tank assembly model 2900205

Operating Speed At Rated Capacity:

1800.0 revolutions per minute

Pumping Element Operating Position:

Horizontal

Centrifugal Pump Design:

Mixed flow

Centrifugal Pump Impeller Quantity:

1

Prime Mover Type:

Electric motor

Prime Mover Power Rating:

5.0 horsepower

Special Features:

Ccw, 8.500in.Impeller, 1800rpm

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A19400
