Prime Mover Quantity:
1
Stage Quantity:
1
Intake Connection Quantity:
1
Intake Connection Type:
Round flange
Discharge Connection Quantity:
1
Discharge Connection Type:
Round flange
Current Type:
Ac
Media For Which Designed:
Sewage
Pump Quantity:
1
End Application:
Envirovac, vacuum sewage tank assembly model 2900205
Operating Speed At Rated Capacity:
1800.0 revolutions per minute
Pumping Element Operating Position:
Horizontal
Centrifugal Pump Design:
Mixed flow
Centrifugal Pump Impeller Quantity:
1
Prime Mover Type:
Electric motor
Prime Mover Power Rating:
5.0 horsepower
Special Features:
Ccw, 8.500in.Impeller, 1800rpm
Shelf Life:
N/a
Unit Of Measure:
-
Demilitarization:
No
Fiia:

A19400
