End Application:
F110-ge-100 hydraulic pump
Criticality Code Justification:
Feat
Special Features:
Fscap; both -p07 and -p08 hydraulic pumps can be reworked to -p11 by incorporating the ecp f197 (head port relief valve) without change to
their respective servo pump cover plate assembly
Supplementary Features:
Configuration history: p/n 1156m46p07 to cid no. 881119 (servo pump cover plate) to p/n 1156m46p08 to ecp f197 (head port relief valve) to
1156m46p11
Reference Number Differentiating Characteristics:
